

DANGEROUS PRAYERS

DAY 11:

WHY IS DAILY PRAYER IMPORTANT?

Setting aside time every day to pray can be tough for many of us. But have you ever considered why? [Why is daily prayer important?](#)

REFLECT:

Be willing to do whatever God asks you to do...

- Have you sensed God asking you to do something specific that you just can't shake?
- Maybe you have questions about what steps you should take?
- What does it mean for you in this season to be willing to do whatever it is God leads you to do?
- How can you be ready to listen and follow through with God is asking you to do?

PRAY:

Father, as I gain insight, direction and understanding from You, I pray that you would give me the courage to be able to do whatever you ask me to do. Help me to better discern Your voice from the many other voices around me. Give me persistence in prayer on a daily and ongoing basis. Also, give me wisdom to take action or make necessary changes in a wise and appropriate way that You are calling me towards.
