

DANGEROUS PRAYERS

DAY 10:

HOW CAN WE RECOGNIZE THE VOICE OF GOD?

Learning to recognize the voice of God is tough for many of us. How can we get better at learning to recognize the voice of God? [Learn more in this short video](#) (2min)

REFLECT:

God speaks to us in one of three primary ways...through Scripture, through other people and through His Spirit...

- How can you allow God to speak to You through Scripture? Do you spend time reading the Bible as well to allow space for this to occur?
- Have you allowed God to speak to You through other people? How can you become more aware of this?
- Have you felt a prompting and wondered...How do I know if it is God's Spirit speaking to me?
 - Does the prompting align with what God says in the Bible?
 - Can the prompting be affirmed by other people in your life?
 - Would the prompting you hear bring hurt or harm to anyone?

PRAY:

Father, I ask that You continue to reveal Yourself to me and to speak to me. Help me to lean into all the ways that You may be revealing Yourself to me and speaking to me and to take notice of the many ways You continually try to interact with me throughout the everyday spaces of my life. When I read the Bible, give me insight into what You are revealing to me. Allow me to be open to the potential that You are speaking through other people in my life. Help me to be attentive when I feel a prompting from You.
