 - o How can I help us get there?

Spend 15 minutes walking through the content on this page and consider how these tools may be helpful in helping your group members or Your ONE take their next step in finding and following Jesus.

Take notes on items that stand out to you, and topics you may want to learn more about as well!

Exercise

Identify a group member, friend or Your ONE who took a spiritual step recently. Consider ways you could celebrate this step?

Discuss

Think through how you would answer these questions. Your mentor will guide you through these.

- Focusing on the relationships between other group leaders, what are some ways to celebrate the growth group members see in each other?

- What stood out to you from the Ridge Next Steps page? How can this help you? How can this help someone in your group? How can this help Your ONE?
- What are some spiritual steps group members take that we can celebrate together? What would this look like in your group?
- How are you going to focus on the following areas:
 - Paying attention to prayer requests?
 - Watching for changes in attitude and priorities, not just watching behavior change?
 - How do you see this in one of the group members?
 - What would be an appropriate way to celebrate this change (e.g. noticing it in the group or writing a personal note).
