## Team Leader Module 5 – Identify and Invite Potential Leaders to Explore Leadership

### Core Competency 5

Identify and invite potential leaders to explore leadership.

### Objective

To learn how to extend a personal invitation to someone in your group/team into leadership. Don't ask for volunteers. Look for someone you're already connecting with and who is willing to grow with you and get involved in leadership. Remember: You don't need to find someone who can lead right now. Your apprentice or co-leader will have plenty of time to learn and grow. We call this an ICNU conversation. The type of person you are looking for to have an ICNU conversation with is someone who can be described as follows:

- **Teachable** - is the person being considered someone who is willing to learn from others?
- **Influence** - does the person have growing influence in the lives of others?
- **Integrity** - does the person have a proven track record of integrity and doing the right thing?
- **Passion** - are they passionate about the mission and vision of your team/group?

### Assignments Overview
