

DAY 5:

READ:

Romans 12:15: Be happy with those who are happy, and weep with those who weep.

REFLECT:

Who is someone in your life that is going through a storm right now? What step can you take to intentionally be there for them in their storm and to serve them and meet them where they are? If you are a follower of Jesus, consider walking alongside someone who is not as they go through a storm in their life.

PRAY:

Father, I pray for....(share name of someone in your life that is going through a storm right now.) I pray for opportunities to serve them sacrificially as You have done so for me. I pray that You work in me to build greater empathy toward them and their situation. I pray that You would help me to share with them, the comfort You have given me in the storms of my life. I pray for favor, wisdom and guidance as I take steps in this direction of entering into the pain of their storm.
